- GitHub: github.com/Gayatri9175

PROFILE

Mechatronics Engineering graduate with a strong interest in software development and data analytics. Passionate about building efficient solutions and working with data-driven technologies. I'm looking for my first opportunity in the IT industry where I can learn, contribute, and grow alongside experienced professionals.

EDUCATION

- **BE in Mechatronics Engineering | MMIT, Lohegaon, Pune** | Nov 2022 – June 2026
- **XII | Yogeshweri Mahavidyalay, Ambajogai** | June 2019 – March 2021 | 80.50%

SKILLS

- **Programming Languages:** Python, SQL
- **Python Concepts:** Object-Oriented Programming, Data Structures, File Handling
- **Libraries:** NumPy, Pandas, Matplotlib
- **Database:** MySQL
- **Tools & Platforms:** Git, GitHub, Jupyter Notebook, Visual Studio Code, Microsoft Excel

PROJECTS

Smart Pillow

Technologies: Python, Raspberry Pi 4, GPIO, MCP3208 ADC, FSR Sensors

- Developed a smart pillow system to monitor pressure distribution and automatically adjust cervical support using real-time sensor inputs.
- Implemented Python-based sensor data processing and actuator control, ensuring reliable hardware-software communication.

QR Code-Based Inventory Management System

Technologies: Python, SQL

- Developed a system to track inventory using QR code scanning
- Integrated scanning with database for real-time updates
- Improved efficiency and reduced manual errors

Automatic Pet Feeder

Technologies: Python, Arduino UNO, Relay, LCD Display, LED, Servo Motor, Water Level Sensor

- Designed an automated feeding system using a microcontroller
- Implemented timed control for food dispensing
- Ensured accurate and consistent food dispensing

CERTIFICATIONS

- **Machine Learning:** Microsoft Code Without Barriers, Introduction to Artificial Intelligence
- **Programming & Databases:** Python for Beginners, Introduction to SQL
- **Robotics & Automation:** Robotics with IoT, PMS Robotics Center, Pune
- **Generative AI:** Master in Strategic AI Engineering, Udemy

ACHIEVEMENTS

- Graduated with First Class with Distinction in B.E. Mechatronics Engineering, securing a final CGPA of 7.97 and an SGPA of 9.63 in the final semester.
- Served as Ladies Representative (LR), demonstrating leadership through academic coordination, student engagement, and event management.
